Product Description

340 gsm Natural White Satin universal artists cotton canvas, coated for wide format inkjet printing. The satin surface has a true canvas texture which can be stretched and varnished after printing or mounted in a frame. "Canvas Satin" produces a semi gloss shine on the print.

Applications and Characteristics

The coated side of this paper provides excellent image sharpness and optimum colour graduation. The coating also offers a very high level of water resistance.

Common applications include:

Photographic and fine art reproduction, it is also ideal for computer generated artwork.
