

Masters Canvas 350

100% Cotton Canvas

Product Description

Available in 17", 24", 36 and 44" rolls and all standard cut sheet sizes. Masters Canvas 350 has been upgraded to meet the challenging requirements of modern imaging systems and is optimized for pigmented inks. This gives today's image-maker the ability to pursue high image permanence without sacrificing image dynamics. Masters Canvas is an instant dry, 100 % cotton fine art canvas that has a defined texture with superb colour saturation and image quality.

Applications and Characteristics

The inkjet coating is water-resistant. The water-resistant prints can be obtained with the output devices especially high-lighted below. Pigmented inks or UV inks are highly recommended for outdoor applications of long term requirements. This product was mainly designed for indoor reproduction artistic prints. Masters Canvas is ideal for art reproduction, portrait, wedding and banner applications. For desktop printer applications, it is recommended that each sheet is fed singularly as the weight and makeup of the product can cause feeding problems.

Physical Characteristics

	Unity	Valuation	Test Norm / Notes
Test Conditions		23°C / 50% R.H.	46M
Grammage	g/m ²	340	EN ISO 536
Thickness	mm	0,48	EN 20 534
pH-Value total		8,1	DIN 53124
Media Colour		natural white	not bleached
Water resistance		very high
